Contract Awarded to Restore Vital Fuel Services at Inland Parks

Following the shutdown of service stations across six inland Reflections Holiday Parks in May this year, the group has appointed Penrith-based firm, Petrolink Engineering to replace the fuel facilities and get guests pumping again.

Petro-chemical storage and delivery-system specialists, Petrolink Engineering Pty Ltd was awarded the Design and Construction contract for Reflections Holiday Parks after an extensive tender process last month.

Reflections Holiday Parks CEO Steve Edmonds said the race to get fuel services restored at the group's affected inland parks was a priority and Petrolink Engineering demonstrated a professional design solution ready to go.

"We are pleased to confirm a comprehensive plan to deliver fuel to our inland parks and are in the process of obtaining planning approvals from the respective Councils as we speak," Mr Edmonds said. "We are hoping to have these fuel facilities installed by Christmas subject to Council Approvals."

"Throughout October, Petrolink Engineering has been undertaking preliminary site visits to the affected parks to finalise design details of the fuel service stations."

A replacement solution for fuel service stations will be implemented at the following locations:

- 1. Lake Keepit** (Keepit NSW)
- 2. Lake Burrendong** (Mumbil NSW)
- 3. Grabine Lakeside** (Bigga NSW)
- 4. Burrinjuck Waters** (Burrinjuck NSW)
- 5. Wyangala Waters** (Wyangala Dam NSW)

Fuel services for **Cudgegong River** in Yarrabin NSW will be implemented at a later stage.

Reflections Holiday Parks CEO Steve Edmonds said the unmanned service stations would be available 24/7 and would offer both Diesel and Unleaded fuel.

"We know that visitors and surrounding communities of our inland parks depend on this fuel availability and we are happy to have appointed Petrolink Engineering to ensure the job gets done.

About NSW Crown Holiday Parks Land Manager, trading as *Reflections Holiday Parks*

The NSW Crown Holiday Parks Land Manager manages the operations of 37 holiday parks and public recreational reserves on Crown land throughout NSW. Formed in 2013 to consolidate the operations of 28 coastal and nine inland holiday parks and reserves located on Crown land throughout NSW, the Group incorporated three holiday park brands under its corporate banner, (North Coast Holiday Parks, South Coast Holiday Parks and Inland Waters Holiday Parks).

Rebranded to *Reflections Holiday Parks* in February 2018, the Group brings its 37 holiday parks and public recreation reserves on Crown land under the one unified banner. The group is a not-for-profit organisation and reinvests its surpluses across all of its parks and public recreational reserves, so visitors and regional communities can keep enjoying these pristine locations. The Group's surpluses also cross subsidise its nine inland parks and reserves and help keep country communities and visitors enjoying these precious community assets.

The vision of *Reflections Holiday Parks* is to inspire all who visit.

Grabine Lakeside is just one of the Group's inland parks which will receive new fuel facilities for guests and visitors.
