

Reflections Holiday Parks Extends Current Southern NSW Closures Due to Fires

Following recent and ongoing fire activity along with major road closures in the southern region of NSW. Reflections Holiday Parks has made the decision to extend the closure of its current evacuated parks as per the following dates:

- **Eden Holiday Park** – Aslings Beach Road, Eden – Guests are being communicated with individually on options for their upcoming stays however this park will remain closed until at least Thursday 9 January 2020.
- **Bermagui Holiday Park** – 1 Lamont Street, Bermagui – Guests are being communicated with individually on options for their upcoming stays however this park will remain closed until at least Monday 13 January 2020.
- **Pambula Holiday Park** – Cnr Toallo & Munje Streets, Pambula – Permanent Residents are able to return to the park from today consistent with the advice from the RFS.

At this stage we are closed for any new bookings and are continuing to monitor conditions and advice from the RFS.

The local communities in which we operate are facing the challenge of rebuilding and getting back to normal. Tourism and the contributions that visitors make to local economies is very important to help communities rebuild after a natural disaster.

The decision to remain closed for a number of days has been made due to ongoing loss of power, road closures and the flow on effects that this is having on local resources such as food and fuel in the area.

MEDIA ALERT

Monday 6 January 2020

Our thoughts are with all those people who have been impacted by these devastating fires.

We encourage you to stay up to date with the fires by checking the NSW Rural Fire Service Fires Near Me website and listening to Emergency Broadcaster, ABC. For road closures please check Live Traffic NSW.
