

Reflections South Coast Parks Gear up for Easter and School holidays

With school holidays and Easter approaching, Reflections Holiday Parks on the South Coast is inviting families to connect for a discounted holiday on Crown land and experience the local events on offer in surrounding communities.

Reflections Holiday Parks is supporting the NSW Government's three voucher schemes for accommodation bookings and recreation activities, with almost 6,000 'Parents NSW', 'Stay NSW' and 'Discover NSW' vouchers redeemed at its parks since February 2022.

Minister for Lands and Water Kevin Anderson said the travel vouchers were proving popular with NSW families taking affordable breaks at Crown land holiday parks.

"It's great to see these NSW Government vouchers supporting regional tourism and jobs by helping people get out and about to enjoy our beautiful regions," Mr Anderson said.

"Caravan and camping provide the perfect getaway for families to enjoy quality time together, and Reflections has 37 holiday parks and 43 community reserves on Crown land in some of the state's most spectacular locations, with profits reinvested back into the parks."

Reflections Bermagui Manager Chris Donohue said the [South Coast parks](#) are in great places at Killalea Reserve, Bermagui and Eden.

"So many special family memories are created in our parks which have that unique South Coast vibe that visitors crave," Mr Donohue said.

"Our parks are well loved by caravan and camping enthusiasts and we are running plenty of activities during the Easter school holidays. Cabins book out fast, but we still have some availability.

"We also get many guests who enjoy fishing our shoreline, a short walk from the park with the catch particularly productive this time of year. And don't forget Bermagui is the king of festivals and events so guests are spoilt for choice."

About Reflections Holiday Parks

Reflections is a leading nature-driven escapes organisation, welcoming two-million-day visitors and overnight guests to its New South Wales holiday parks each year. Operating as a profit for purpose business, Reflections manages 37 holiday parks and 43 community reserves on NSW crown land. Any surplus from its operations is reinvested in the 9,289 hectares of land that it manages on behalf of the people of New South Wales. Reflections generates approximately \$89 million in economic value for regional NSW each year, in terms of income and flow on impacts (BDO, 2013).

We are the only group of holiday parks that offer amazing day-use destinations and maintain public recreation reserves for communities to enjoy. As many of our parks are off the beaten track in gorgeous rural settings or wild coastal areas, we understand the importance of sustainable regional communities and support local economies across NSW. We believe everyone can make a difference in the lives of people, places, and our planet.

Reflections' purpose is to share nature's playground in a way that gives back to local communities. It measures its success by its quadruple bottom line performance, including social, cultural, environmental, and economic outcomes. We are genuine and demonstrate care for our customers, our communities, and our world, delivering to a high standard.
